Course Deletion
Course taken only by Majors

Course Title: Virology Laboratory

Course Number: BIOL Date: 364L

**Rationale
for course
deletion:**

The laboratory will be deleted in response to changes in faculty schedule as a result of lab equivalency credits, as well as decreased enrollment in the most recent years it was offered. The lab component had been optional.

Over the past several semesters, the lecture material had being modified appropriately to incorporate many of the concepts previously discussed in laboratory.
