Home Dean: CAS CPS
 SOM GRAD CGCE

Program: Associate in Science-Business Curriculum

**Nature
of
revision:**

Eliminate MGT 161, Introduction to Business as a Major/Cognate requirement for the Associate in Science: Business Curriculum and replace the course with MGT 351, Principles of Management.

**Rationale
for
revision:**

MGT 161 is a requirement for the Associate in Science degree only. It has been offered during the past three academic years and had insufficient enrollment. The course does not apply to curricular requirements for the Bachelor Degree. MGT 351 covers the same curricular objectives in more depth and will apply to degree requirements

Will the revision have an impact on the core curriculum? XNo Yes (indicate impact)

Indicate the impact on and the response of the department offering the course

Elimination of MGT 161 will enable more effective use of faculty time and resources while providing Associate Degree student with the opportunity to earn credits that will ultimately apply to a Bachelor Degree. Both the department and CGCE agree that this change is in the best interest of the students.

Will the revisions require allocation/reallocation of University resources?

No Yes (indicate resources needed for revision below)
