Course Title: Information Technology Internship

Course Number: MIT 481 **Date:** February 17, 2009

**Nature
of
revision:**

Change number of credits so a student can take two 3-credit internships.
--

**Rationale
for
revision:**

MIT majors are already required to take one 3-credit internship, but they would benefit, and are strongly encouraged, to take two 3-credit internships. By changing the credits from 3 to 3-6, a student can do a second internship and BANNER will be able to record both internships on the transcript. If the number of credits were not changed, BANNER would replace the first internship with the second internship and the student would only get credit for the second internship; i.e., only 3 credits instead of 6 credits.
